E Banc Trade Media Release — 4th March

E Banc Trade Contributes to Country Football

E Banc Trade, one of the WorkSafe Victorian Country Football League's Major Sponsors, (together with its Marketing Agent, SBMA), have confirmed a sponsorship package worth over \$2M in season 2005 with the WorkSafe VCFL and all affiliated Leagues, Clubs and Umpiring Associations.

Wednesday 2nd March 2005, Darryl Frost (pictured at left)

visited the VCFL at their MCG offices to officially sign off on a sponsorship to assist with the issues facing the Victorian Country Football League as per the final report of the Rural and Regional Services and Development Committee of the Victorian Parliament inquiry into Country Football.

E Banc Trade, a Queensland based company, is proud to be able to offer support to such an important and necessary community sporting organisation. Although Qld based, E Banc Trade has a strong presence in Victoria and is confident that the relationship between E Banc Trade and the VCFL will be mutually beneficial.

Under the program, every League and Club affiliated with the WorkSafe VCFL and every Umpiring Association affiliated with the Victorian Country Football Umpires Association will receive E Banc Trade currency to use throughout the E Banc Trade network. This will allow these Leagues, Clubs and Umpiring Associations to reserve their cash for other transactions.

WorkSafe VCFL CEO Glenn Scott (pictured above right) praised the sponsorship, "We are delighted that E Banc Trade have seen the potential of the WorkSafe VCFL community and we are confident that our Leagues, Clubs and Umpiring Associations will see some outstanding results if they take advantage of the opportunity – the additional resources will come

in handy to them as well!"

In announcing the sponsorship, E Banc Trade Manager of Business Development, Darryl Frost said, "E Banc Trade welcomed the opportunity to support the leagues at the grass roots level and we are very pleased with

this proposal formulated by SBMA group."

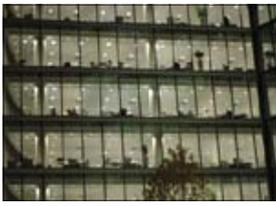

"The VCFL and its ancillary bodies epitomised the family support values that are unique to E Banc Trade. E Banc Trade is about generating genuine opportunities to assist business-to-business relationships at all levels of business"

"We look forward with great anticipation to the year ahead for E Banc Trade, SBMA and the VCFL, and are confident that the E Banc Trade SBMA sponsorship will make a substantial difference to clubs at all levels."

SBMA Administration Director Graeme McIlwaine commented, "We have worked diligently at developing this sponsorship package which is specifically aimed at providing tangible support for rural and regional football here in Victoria. It will allow clubs to further develop quality long term partnerships with their sponsors and business supporters, and also provides them with the opportunity for further individual capital works funding."

"WARNING! How to Make Yourself Judgement Proof Before Somebody Takes All Your Possessions!"

Did you know that everything you own, cars, cash, real estate, businesses, even your home can be taken away from you?

It doesn't have to be that way, not if you "bullet proof" your assets. If you own anything of value, you must do something about it before it's too late.

Here's why you should call me now:

- You get a FREE book, *Bullet Proof Asset Protection*, by Australia's leading asset protection expert, Ed Burton (value \$59.95). This book will reveal some of the little known secrets of how you can protect what you own.
- You get a FREE DVD of Ed Burton being interviewed on the litigation explosion gripping Australia. This DVD is titled *The Litigation Explosion: How To Stop Some Scumbag Taking Your Hard Earned Assets* (value \$129).

What you will see on this DVD will astound you and shock you.

- You get a complimentary *Risk Analysis Survey*. This survey clearly shows you how much danger you're *really* in, and how much you could lose if somebody took you to court.
- I am an advisor, educating my clients as to the dangers they face, and what they can do about it *before* it's too late. This way you won't be pressured into buying, or doing anything you don't want to.
- Insurance isn't the answer. Sticking your head in the sand, hoping nothing bad will happen won't cut it either. Bullet proofing your assets is the ONLY answer.

More and more cases are filed everyday. Lawyers are working over-time. Don't wait until one of them sends a subpoena in the mail to YOU. By then, it will too late.

Overseas is looking good for medical tourism

The popularity of makeover shows and increasing acceptance of cosmetic surgery is fuelling a new medical tourism industry in Pacific Asia, making the dreamed of, life changing experience more affordable and accessible than ever.

Last year more than 300,000 people including several thousand Australians, from 145 different countries, travelled to Thailand for surgical procedures at one private hospital alone.

And the destination is not anything like the commonly perceived third world scenario but, according to the Los Angeles Times, "putting on the Ritz in 5-star style ... luxury amenities complement top quality health care".

Specialist medical tourism operator International Medical Tours (IMT) works exclusively with two of Thailand's leading internationally accredited private hospitals.

IMT's Managing Director John Uittenbogaard cited quality, affordability, anonymity and accessibility of medical procedures in Thailand as the main pluses for people considering going overseas for surgery.

International Medical Tours are accepting the initial registration fee in full E Banc Trade.
