Admin Updates

Administration Fee

The new monthly administration fee has now been implemented. This \$11 fee will be applied to all accounts on the 28th of each month. It will enable us to provide a higher level of assistance and to introduce new services. We are happy to talk with members regarding this fee, just call us at Head Office, or speak with your Regional Agent

Banking Details: Please ensure that all cheques are made out to Empire Trade Australia. Our bank account for direct deposits is with **Suncorp Bank**

BSB	484 799
Account Number	027318880

Empire Trade Exchange International has appointed a new Australian Manager. Robert Howell is a long-term member of the exchange, as well as a regional agent. Due to his great success in his regions, he has decided to take on the National Agency.

His plan is simple, and feedback has determined that the members of the Exchange in Australia need more support. Through out the year teams of Member Support will be allocated around the country to assist in further improving our levels of service Australia wide.

Members will receive extra contact, six monthly up to date members directories, additional regular local publications, trade nights and further opportunities for promotion.

Head office is still situated in Warana on the Sunshine Coast Queensland where the friendly staff are still available to take your calls, including member support, membership accounts, and membership sales.

Some staff have stayed with Barter Exchange International. who will now focus on building the exchange around the world, which will include bringing on new countries, and better assisting existing countries. We are currently seeking new regional agents to represent the exchange; all proposals will be looked at seriously.

Empire Trade Australia as with all the other E Banc Trade countries still falls under the Barter Exchange International banner, and the International Barter Exchange Trading Rules. Each country also has its own National Trading Rules, which conforms with the laws and taxes of that particular country.

New services available to Australian members include;

Online Shopping Catalogue

Our online catalogue is now available on our corporate site. Currently products displayed are from our head office warehouse and Australian members. As soon as our first container of products is confirmed from China, products will be listed for sale. You can browse the catalogue without logging in, however you will need to log in to purchase.

The shopping cart can be used to purchase products in stock from the Head Office warehouse on the Sunshine Coast. Products displayed by Agents or Members must be ordered directly from the Agent or Member.

Members are welcome to list products for sale on the catalogue. Criteria for listing products are as follows.

Criteria

- Catalogue is for product and not services
- Member must have an ongoing supply of the product
- Must be able to supply Australia wide
- Product must be new and of good quality
- Price must be right
- Trade component a minimum of 40%
- Product from China

Peter Barnes, one of the directors of International Barter Exchange is currently in China placing orders and building relationships with the Chinese manufacturers for the continuous supply of stock to the International Empire Membership. If you are interested in importing anything, please contact Claire Sloane on 07 54377220 or email claire.s@au.empireexchange.com with your product requirements. As you can imagine the selection of product available out of China is enormous, therefore the more information you can give us including description, size, materials, quantities, and price you are currently paying etc, will enable us to ensure we obtain the exact product you require.

Our Condolences

Wendy Dunstan from our Albury-Wadonga office sadly passed away this week.

Our thoughts are with her husband Steve and her long time friend Karen who both work for our Albury-Wadonga office.

*All "Vista Ready" machines will accommodate the install without system modification. Other systems may only require ram upgrades etc. We are not currently recommending Vista due to lack of driver support and application incompatibility. Visit www.emutelecom.com/vistayes/ & www.emutelecom.com/vistano/ for more information.

*All ex demo / ex gov systems (PC's & notebooks) have usual scuff marks and scratches as expected from general use and shipping. All systems are in Good condition, are covered by a return to base warranty or onsite warranty as specified (covered by United Electrical with 2000+ repair centers nation wide). All systems include genuine Microsoft licenses, & come complete with restore disks.

Automotive Service Plus

Automotive Service Plus is not just a motor mechanic - they also specialise in gas conversions. Gas conversions generally cost between \$2,500 (saloon cars) and \$3,200 (station wagons).

They can go higher depending upon the type of vehicle. A Federal Government Rebate (fixed at \$2,000) can be claimed – the claim is generally paid within 7 – 10 days. The rebates are for private vehicles only and cater for one per person. The following paperwork is needed: An invoice, a compliance certificate and registration papers.

Kits and tanks today are designed and engineered to suit. Every vehicle, even those with plastic manifolds, uses gas injection. Even diesels have gas enrichment. Properly fitted systems have very few problems. Gauges are in-dash and so are the switches. Customer feedback is 100% satisfaction. And they are economical, especially if you have claimed the \$2,000 cash rebate from the federal Government!
